

Alia Bhatt Dazzles in Vintage Gucci

Published on 18 Sep 2025 | By IFI Correspondent

At Aryan Khan's directorial debut premiere, Alia Bhatt turned heads in an archival Gucci gown. Styled by Rhea Kapoor, she showcased her evolution as a fashion icon.

Moreover, the gown combined vintage glamour with a modern, chic sensibility. Consequently, her appearance became a highlight of the evening.

The Iconic Gown

The white jersey dress originally graced Kate Moss on the runway. It featured daring side cut-outs and a signature oversized G-buckle belt.

Designed by Tom Ford, the piece defines 90s minimalist seduction. Furthermore, its sleek silhouette amplified Alia's statuesque presence.

Thus, the gown honored a landmark moment in fashion history.

Accessories That Shined

Alia paired her gown with the Gucci Bamboo 1947 mini bag.

Additionally, Tiffany & Co. jewels added sophistication and elegance. Her hairstylist Amit Thakur chose a slicked-back hairstyle for a polished look. Together, the styling allowed the gown to remain the main focus.

Social Media Buzz

Alia shared her look on Instagram, captioning it: "The good, the bads and the glam @gucci." Immediately, fans and celebrities reacted with admiration. Deepika Padukone commented, "Stunning," while Bhumi Pednekar wrote, "Too good." Additionally, her mother Soni Razdan praised the ensemble with heartfelt words.

Clearly, her outfit became a trending topic online.

A Fashion Milestone

Alia's choice highlighted her fashion-forward thinking and deep respect for Gucci's heritage.

Moreover, it emphasized her ability to blend vintage elegance with contemporary flair. By wearing this iconic piece, she created a memorable red carpet moment. Furthermore, the look reinforced her status as a global style influencer.
