

Shilpa's Multi-Coloured Lehenga Sparks Navratri Fashion Goals

Published on 22 Sep 2025 | By IFI Correspondent

With Navratri here, Shilpa Shetty delivers a look that defines festive glamour. Her new outfit balances tradition and playfulness wonderfully.

Firstly, her lehenga features vibrant yellow and red floral prints that seem designed for dance nights. Moreover, the fabric flows lightly, perfect for Garba and swirling motions. Then, she pairs it with a backless multi-coloured choli. Thus, she adds modern edge without losing festive heritage. The contrast in colours lifts the whole vibe instantly.

Styling That Resonates with Tradition

Besides the outfit, Shilpa styles a half-ponytail, weaving red threads through her hair. Consequently, the hairstyle feels both practical and festive. It holds up during Garba dancing.

Further, her accessories are unapologetically bold. She wears layers of earrings, a chunky golden bangle, and a nose ring. Therefore, she pushes statement jewellery without going overboard.

Makeup

Meanwhile, her make-up remains soft pink, radiant yet subtle. So it balances the colour riot in her outfit. It keeps her look dance-floor friendly and fresh. Also, her caption reads: "Because one colour is not enough for this festive season." Thus, she invites fans to embrace full colour blends. She celebrates joy, variety, and bold expression.

As Navratri begins, people search for style that inspires dancing and celebration. Shilpa's ensemble answers that call. Her lehenga reminds wardrobe-raiders of possibilities. Moreover, the balance of serene makeup and loud jewellery teaches contrast matters. Meanwhile, the hair-threads detail shows that small accents amplify impact.

Tips You Can Steal

Firstly, choose a flowing skirt for mobility and dramatic movement. Then, pair it with a bold top or backless design to modernise classic.

Likewise, weave colour into hair or stitching for unexpected pop. Also, stacking statement jewellery elevates simple outfits instantly. Lastly, choose soft makeup to let the outfit shine.
