2. Blunt Bob

A sleek, blunt bob offers a sharp, modern look. It's versatile and can be styled straight or with subtle waves for added flair.

3. Curly Bob

For those with natural curls, a curly bob provides a chic and manageable option. It frames the face beautifully while keeping curls defined.

4. Asymmetrical Bob

An asymmetrical bob adds an edgy twist to the classic style. Longer in the front and shorter in the back, it creates a dynamic silhouette.

5. Bob with Side Part
