

Selena Gomez and Benny Blanco Tie the Knot in Montecito Wedding

Published on 27 Sep 2025 | By IFI Correspondent

Pop star Selena Gomez and music producer Benny Blanco have officially tied the knot in a glamorous two-day wedding celebration at a private estate in Montecito, California. The couple, who got engaged in December 2024, celebrated their union in an intimate yet star-studded ceremony.

A Dreamy Wedding Venue

The wedding took place on September 27 at a picturesque estate in Santa Barbara County. This venue was transformed into a luxurious celebration space, featuring a massive white marquee surrounded by palm trees, outdoor lounges, cocktail corners, and pop-up gourmet kitchens to serve over 170 guests. Therefore the setup created a cozy yet glamorous atmosphere, perfect for the couple's special day.

Star-Studded Guest List

The guest list included some of Hollywood's biggest names. Selena's best friend, Taylor Swift, made a discreet arrival, shrouded under a cluster of black umbrellas as she stepped off a plane. For privacy and security, Swift stayed in a private rental near the venue instead of a hotel. Other notable guests included Paris Hilton, Martin Short, and Ashley Park. While it was uncertain whether Swift's fiancé, NFL star Travis Kelce, would attend due to a game commitment.

Keeping the Wedding Under Wraps

To maintain privacy, the couple ensured that even guests were unaware of the exact locations of the events. Finally shuttle buses arranged to transport guests directly from their accommodations to the venues, preserving the secrecy and exclusivity of the celebration.

A Celebration of Love and Music

Selena and Benny's relationship has been a blend of love and collaboration. Hence first worked together in 2019 and began dating in mid-2023. Their bond deepened through mutual respect and affection, with Gomez frequently describing Blanco as her best friend and emotional anchor. Overall wedding not only marked a personal milestone but also celebrated their shared passion for music and creativity.
