

Ananya Panday Brings Back Crochet Chic at Chanel Show

Published on 09 Oct 2025 | By IFI Correspondent

At Paris Fashion Week, Ananya Panday turned heads by reviving the crochet trend with a striking black crochet blouse from **Chanel**. Her outfit blended elegance and playful charm. But she wasn't the only Bollywood actress experimenting with crochet this summer. In this article, we explore her look in detail and how five other actresses styled crochet to suit their personalities and occasions.

Ananya Panday's Crochet Moment at Chanel

Ananya's look at Chanel's showcase was rooted in classic craftsmanship, yet modern in silhouette.

She wore a **black crochet blouse** featuring a V-neckline trimmed with scalloped white borders and delicate eyelet detailing. This blouse was paired with a matching **mini skirt**, forming a monochrome crochet set that merged texture and minimalism.

She kept accessories minimal to let the outfit speak. A **gold-chained black sling bag** and classic black pumps accompanied the ensemble.

Overall her look nodded to Y2K-era Bollywood, when crochet was a favorite fabric beyond just beachwear. By choosing this outfit, she infused nostalgia with contemporary style.

Why Crochet Is Making a Comeback

Since the revival of crochet comes at a moment when fashion is leaning toward textures, handwork, and crafted details. Crochet offers:

- **Versatility:** It can translate across silhouettes, from tops and sets to dresses and overlays.
- **Movement & texture:** The open weave and patterns allow for visual interest and lightweight structure.
- **Nostalgia:** As seen in Y2K references, crochet has emotional resonance.
- **Customization:** It allows unique patterns, threadwork, and detailing — making it personal.

By adopting crochet, these actresses are not just chasing trendiness. Therefore reclaiming craftsmanship and giving it new life in contemporary forms.

How to Wear Crochet — Tips Inspired by Celebs

From these looks, some practical style tips emerge:

1. **Balance the silhouette** – If the crochet piece is heavy in texture (like a top), pair it with simpler bottoms (like mini skirts, sarees, or plain skirts).
2. **Keep accessories minimal** – Many looks are better with understated jewellery so the crochet detail remains the focal point.
3. **Layer smartly** – Use crochet as overlays or paired with basic under-garments (bikinis, slips) for transparency control.
4. **Experiment with colors** – While neutrals are safe, bold or pastel threads can elevate the look.
5. **Choose the right knit density** – For humid weather, looser weaves breathe; for formal events, tighter stitches offer structure.
