

## Bebo in Sabyasachi: Kareena Kapoor in Bold Animal-Print Saree

Published on 10 Oct 2025 | By IFI Correspondent

When **Kareena Kapoor Khan** steps out in **Sabyasachi Mukherjee**, it's always headline news. This time, the buzz is louder than ever. She recently donned an **animal-print saree** designed by Sabyasachi — a look that is both daring and glamorous.

For someone often associated with Manish Malhotra's signature glam, this pairing is unusual but striking. And she carries it with poise, turning a fashion moment into a statement.

### The Look: Animal-Print, Drama & Sophistication

Her saree features a bold **animal print** motif — something you don't typically see in Sabyasachi's classic palette. It's a departure, but one handled with finesse.

The drape is sharp, the fall clean, and the styling minimal so the print can speak. Kareena's signature confidence adds the finishing touch.

### Subverting Expectations

Kareena has long been tied to a particular aesthetic—lush, polished, glamorous. So when she ventures into edgier styles, it feels fresh. Her alliance with Sabyasachi here sends a message: she's willing to experiment.

Given that such collaborations between the star and the designer are rare, the look feels special. It's not just a red? carpet outfit. It's a conversation starter.

### Fashion Circles React

Style watchers, media, and fans are all talking. Comments range from admiration of her boldness to praise for how she carried such a powerful print without overdoing it. The balance between edge and elegance is being applauded.

Some note that the ensemble underscores her evolving fashion pathway — moving beyond just glamorous roles toward subtler but daring statements.

### Why It Matters

This moment is not just about one outfit. It points to larger shifts in celebrity styling. When a star of Kareena's stature takes a risk, it signals confidence in Indian couture. It also shows designer labels aren't just about repeating safe formulas.

For Sabyasachi, this look may open doors to new directions — mixing bold prints with his trademark craftsmanship
