

Shalini Passi Brings Red-Hot Glamour to Diwali Bash

Published on 15 Oct 2025 | By IFI Correspondent

Art patron and style connoisseur **Shalini Passi** turned heads at **Manish Malhotra's grand Diwali bash 2025**, stepping out in a radiant **red ensemble** that epitomized bold sophistication.

Held at the designer's Mumbai residence, the event gathered the who's who of fashion, film, and luxury. Among the glittering guests, Shalini stood out for her fearless embrace of festive glamour — a look that balanced artistic flair with classic celebration.

Her outfit instantly became a social-media highlight, drawing admiration from fashion watchers and fans alike.

The Look: Contemporary Meets Classic

Shalini's outfit appeared to draw inspiration from the timeless appeal of Indian festive wear — with a **modernized silhouette and bold colour palette**.

The **crimson-red base**, symbolic of strength and festivity, was paired with sleek tailoring and soft, flowing drapery. The look radiated confidence without relying on excessive embellishment.

The fabric seemed lightweight, possibly silk or organza, designed to reflect light subtly rather than overpower it. The restrained embroidery and fine detailing lent it understated richness.

Jewellery & Styling Choices

True to her reputation as a tastemaker, Shalini kept her styling refined yet impactful.

She reportedly paired her outfit with **statement earrings**, possibly in gold with gemstone accents, creating a balance between modern polish and traditional opulence.

A minimal clutch and strappy heels completes the ensemble, allowing her fiery red outfit to remain the focal point.

Hair, Makeup, and the Finishing Touch

For her beauty look, Shalini opted for **soft glam**, perfectly in sync with the overall mood of the evening.

Her makeup featured dewy skin, neutral eyes, and a subtle hint of blush. To tie the look together, she added a bold red lip — a confident echo of her outfit.
