

## Khushi Kapoor Channels Ethereal Glamour in Champagne Sequins

Published on 15 Oct 2025 | By IFI Correspondent

At Manish Malhotra's Diwali celebrations, Khushi Kapoor emerged as one of the standout attendees with a look described as **ethereal glamour**. Her outfit leaned into soft sparkle and delicate texture with **champagne sequins** and **sheer layering**.

While many guests opted for bold jewel tones or bright reds, Khushi chose a subtler palette — allowing luminescence and layering to define her presence.

### The Ensemble: Sequins, Sheer, & Hand Embellishment

Her ensemble featured a **hand-embellished sequin base** in a champagne hue. Over that, sheer fabrics created dimension and softness — tulle or organza-like layers that drifted with her movements, diffusing the light and adding a dreamlike effect.

Some accounts note she paired the outfit with **sharara pants**, giving the look a fusion of tradition and modernity. The layering meant the sequins shimmered subtly instead of glaring — a refined approach to festive sparkle.

### Styling & Overall Vibe

Khushi's styling seemed calibrated to match the softness of her palette:

- Her makeup appeared to follow a **glowing, dewy** theme, emphasizing skin radiance over bold color.
- Hair was likely styled to complement the ethereal tone — soft waves or loose styling, keeping visual attention on the outfit.
- Accessories were probably minimal or in harmony with the champagne tone, so as not to compete with the sequencing and sheer work.
