

Fatima Sana Shaikh Radiates in Silver Saree With a Pop of Green

Published on 15 Oct 2025 | By IFI Correspondent

Actress **Fatima Sana Shaikh** made a memorable appearance in a **silver saree** that won admirers online and among fashion watchers. While she was also at **Manish Malhotra's Diwali bash**, the outfit she shared in her post mirrored the style she was spotted in at that event.

The Outfit Breakdown

- She paired her saree with a **sleeveless blouse**, which allowed the silver tone and fabric to become the focal point of the ensemble.
- To introduce contrast, she chose **green earrings** — a bold, unexpected accent that added color and personality to her look.
- Her makeup leaned minimal, emphasizing a **clean, natural complexion** over heavy finishes. Her hair tied back, keeping the style elegant and letting the saree shine.

Context & Relevance

Fatima was reportedly at Manish Malhotra's Diwali celebration alongside actor **Vijay Varma**. Their coordinated presence sparked buzz and some dating speculation.

Her silver saree aligns with a broader motif at the party: many attendees opted for metallics, shimmer, and bold embellishments. In that sea of festive sparkle, her look stood out for its tasteful minimalism and thoughtful accent of green.

Also notable: Fatima's outfit choice echoes how many Bollywood stars now prefer statement pieces with one defining twist (like colored jewelry) rather than full-on maximalism
