

Sonam Kapoor's Diwali Glam: Sunshine Yellow Saree & Cobalt Blue Shirt

Published on 17 Oct 2025 | By IFI Correspondent

Bollywood's fashion darling **Sonam Kapoor** recently turned heads with a Diwali look that perfectly straddled tradition and contemporary edge. Her ensemble — a radiant **sunshine yellow saree** paired with a **cobalt blue shirt** — was both unexpected and refreshing. This juxtaposition not only symbolised celebration but also showcased her flair for experimentation.

The Look Breakdown

Sunshine Yellow Saree: Radiant & Regal

The saree, in a vivid yellow hue, brought brightness and warmth to the festive look. Yellow is often associated with prosperity and positivity — fitting for Diwali. The saree's drape looked graceful and fluid, perhaps in a light silk or chiffon fabric that allowed movement.

Cobalt Blue Shirt: A Bold Contrast

To counterbalance the vibrancy of the saree, Sonam chose a **cobalt blue shirt** — a bold, modern twist. The shirt acted as a structured blouse replacement, introducing sharp tailoring into an otherwise traditional ensemble. This contrast of hues—vibrant yellow and deep blue—makes for a visually striking combination.

Styling & Detailing

- **Layered Aesthetic:** By pairing a saree with a shirt instead of the classic blouse, she blurred the lines between ethnic and western styling.
- **Minimal Accessories:** Given the boldness of the color combo, she likely opted for restrained accessories so as not to compete with the outfit itself.
- **Political Use of Color:** The deep blue grounded the yellow, offering balance to the brightness and adding visual depth.

Why It Works

1. **Unexpected pairing:** The combination of saree + shirt is unconventional, which piques interest.
2. **Color harmony:** Yellow and blue are complementary; their juxtaposition feels deliberate and artistic.

3. **Modern ethnic fusion:** The look pushes boundaries while staying rooted in festive tradition.
4. **Photogenic quality:** Under Diwali lights, such bold colors translate well in photos — the contrast ensures both tones pop.
