

Kim Kardashian's Birthday Week: Lingerie-Inspired Looks

Published on 25 Oct 2025 | By IFI Correspondent

Kim celebrated her birthday week in style—hosting back-to-back parties in Paris and London, and serving two unapologetically bold outfits.

Look One: Paris Cabaret Glam

At a cabaret in Paris, Kim wore an archival couture piece: a gold corset from Givenchy by Alexander McQueen (Summer '97 collection) with a flowing white skirt—channeling Greek-goddess glamour.

Look Two: London After-Party Edge

The next night in London, she switched into sheer, lingerie-inspired looks featuring a custom bra crafted from braided hair, body harness details, and daring silhouettes.

Style Notes & Why It's Significant

- These looks lean into sexual confidence and sartorial provocation—Kim continues to use fashion as a form of identity and spectacle.
- The use of archival couture emphasises her status in the fashion world—not just as a wearer, but as a curator of fashion history.
- The braided-hair micro-bra is a strong example of utilising unconventional materials and styling to create conversation-pieces.
- These type of looks show how glamour today often merges lingerie cues with outerwear: corsets, sheer fabrics, harnesses and exposed under-structures.

What You Can Take Away

- If you're attending something bold, choosing one statement piece (like a corset or bra-top) and letting it drive the look can be powerful.
- Incorporating an unexpected material or detail (e.g., braided elements, body harness) adds an edge that elevates beyond "just pretty".
- Archival or meaningful pieces give depth: they link your look to a story or legacy rather than being purely trend-led.
