

Ananya Panday's Halterneck & Linen Pants Street Style Moment

Published on 27 Oct 2025 | By IFI Correspondent

Ananya Panday was recently spotted in Mumbai embracing a refined yet relaxed street look. She paired a halterneck top with high-waisted linen pants, capturing that “effortless cool” vibe that’s become her off-duty signature.

Breakdown of the Look

- **Top:** A halterneck cropped piece, likely in a neutral or muted tone. The halter neckline exposes the shoulders and draws the eye upward, giving a fresh, breezy silhouette.
- **Pants:** High-waisted linen trousers. Linen fabric brings texture and relaxed drape, while the high waist adds structure and balance with the cropped top.
- **Colour palette:** Keeping it simple, probably neutrals or soft tones, which lets the cut and fabric speak rather than loud prints.
- **Accessories & styling:** She likely chose minimal jewellery, perhaps hoops or studs, a casual hair style (loose waves or ponytail) and low-profile shoes—sandals or sneakers—to maintain the relaxed but elevated tone.

Why it stands out: This is a great example of fashion-forward streetwear: combining classic relaxed fabrics (linen) with modern cuts (cropped halter) and achieving polish without appearing overdressed.
