At the recent Bazaar India Women's Evening event, Pragya Jaiswal made a striking entrance, dressed in a shimmering silver gown by Geisha Designs. The event, held to celebrate women's achievements and style, saw Pragya effortlessly embody both glamour and empowerment.

Look details that turned attention

- **The dress:** A full-length gown in metallic silver, designed by Geisha Designs, which features sleek draping that catches the light and flatters her figure.
- **Accessories:** She paired the dress with bold statement earrings from H·Y·B Jewels, and matching rings by H·Y·B and Drip Project Co..
- **Stylistic team:** The look was styled by Natasha Abothra, with makeup by Athira Thakkar and hair by Suren Khan.
- **Footwear:** Chic heels by Oceedee Shoes completed the ensemble, keeping the focus upward toward her gown and styling.

Why this look matters

- **Metallic elegance + modern silhouette:** Silver is a bold choice (versus classic black or red) and when styled cleanly, conveys both confidence and high fashion.
- **Women's event alignment:** Since the evening celebrated women, Pragya's outfit choice of bold yet elegant mirrored the event's tone—strong, glamorous, and forward-looking.
- **Accessory restraint:** Despite the dramatic dress, the accessories were curated rather than overwhelming, allowing the outfit to shine.
- **Photography impact:** The metallic fabric catches light beautifully, making it photo-friendly for red-carpet coverage and social media sharing.
