

Twinkle Khanna Delivers Chic Office-to-Airport Style

Published on 01 Nov 2025 | By IFI Correspondent

Bollywood author-producer Twinkle Khanna was recently photographed at Mumbai's airport in a refined look that underlined her sophistication. With minimal fuss and maximal impact, she demonstrated how one can merge smart tailoring with airport practicality.

The Look: Tailoring Meets Travel

Khanna's outfit featured a structured beige vest layered over a powder-blue button-down shirt, tucked into high-waisted wide-leg trousers—also in a soft beige tone. The colour palette felt neutral yet fresh, allowing the tailoring and proportions to take centre stage. She accessorised with oversized black sunglasses and carried a structured tote bag.

Why This Moment Resonates

- **Smart layering:** The vest over shirt combination gives the look a subtle corporate edge, yet the wide-leg trousers soften it into comfortable travel attire.
- **Tone-on-tone styling:** By working a monochrome palette of beige and blue, Twinkle elevates the outfit from mere casual to curated.
- **Minimal accessories:** With the outfit doing the talking, her choice of fewer jewellery pieces and a clean makeup palette keeps the focus on the silhouette and tailoring.
- **Travel-friendly yet stylish:** Airport looks often compromise on aesthetics for comfort—but Khanna proves you don't have to. The wide legs likely offer ease of movement, and the structured pieces keep the look polished on arrival.

Twinkle Khanna's recent outing marks a shift of where her fashion voice stands: clean lines and timeless tailoring. She appears to favour looks that work across.
