

Nita Ambani Ditches the Saree for a Rani-Pink Suit

Published on 03 Nov 2025 | By IFI Correspondent

On the occasion of her 62nd birthday, Nita Ambani chose a departure from her usual saree-ensemble, stepping out in a striking rani-pink suit set. The event — a surprise celebration organised by her team in Jamnagar — provided the backdrop for her fresh look.

The Suit: Details That Stand Out

She wore a rani-pink kurta with full-length sleeves and a high-low hem, featuring intricate details including zari embroidery, sequin work, brocade and patti embellishments on the bodice and cuffs. The matching palazzo pants were flared and carried gold patti embroidery on the hem.

Her accessories complemented the look gracefully: gold bracelets, a statement diamond ring, polki earrings, and pink-embellished strappy sandals. Her hairstyle was a centre-partition messy braid with floral hair accessories, pairing with soft glam. Along with winged eyeliner, glossy pink lips and a glowing highlight.

Why This Look Matters

- Breaking Routine:** Known for her sarees, Ambani's switch to a modern suit set signals a stylistic evolution.
- Colour Rejuvenation:** Rani-pink (a vibrant shade) lends festive energy, suggesting confidence in bold colour vs. traditional neutrals.
- Modern Festive Fusion:** The combination of traditional embroidery techniques with contemporary tailoring (palazzos + high-low hem) bridges heritage and modernity.
- Approachable Elegance:** While lavish and well-accessorised, the look is relatable—it isn't overwhelming, which makes it wearable for festive occasions beyond exclusivity.

Style Takeaways You Can Use

- For a festive look, **choose one standout element** (e.g., colour or embroidery) and keep other details balanced.
- Tailoring matters: A relaxed silhouette (like the high-low kurta) gives ease while maintaining formality.
- Accessorise smartly: Let the outfit shine, then add accessories that complement rather than compete.
- Hair and makeup should echo the outfit's tone: here, the floral braid and soft glam makeup reinforced the festive pink palette without overshadowing it.

- Don't be afraid to **shift away from tradition** (in this case, the saree) when aiming for a refreshed festive look.
