

Giorgia Andriani: From Italy to India, a Fashion Queen

Published on 03 Nov 2025 | By IFI Correspondent

Giorgia Andriani, born in Puglia, Italy, began her career as a model and later found her footing in the Indian entertainment world. She has often spoken of being drawn to India, its vibrant colours, fashion culture and opportunity. >Across media, she's recognised as someone who not only works in India but *lives* in its fashion sphere — an international talent adapting to a completely different aesthetic.

>Her bold fashion choices often blend Indian traditional wear with western styling cues, making her a standout among fashion-focused public figures.

Signature Style Moves That Define Her

- **Saree with a twist:** Giorgia doesn't just wear a saree—she experiments with non-traditional fabrics, bold colours, metallic finishes and modern drapes. One feature noted: *“the traditional saree needs no cultural boundaries to shine”*.
- **Western glam meets Indian flavour:** Whether it's a high-glam gown or a corset and statement pants combo on a red carpet, she infuses plenty of boldness while still referencing Indian aesthetics.
- **Colour, texture, and attitude:** From shimmering metallic sarees to vibrant hot-shorts in Mumbai, she demonstrates a willingness to play with style and colour in fresh ways.

Why Her Move to India Was More than Career—It Was a Style Statement

- **Diving into a rich fashion ecosystem:** India's fashion culture—with its vibrant traditions, bold colours, strong craft heritage—offers a stylistic playground that contrasts with many European minimal trends. Giorgia's adoption of India suggests she sought not just work but exposure to a vivid design palette.
- **Brand & identity building:** Moving to India aligns with building a distinct “global yet local” identity—an international face, but one immersed in Indian style. That duality helps her stand out.
- **Boldness rewarded:** The Indian red-carpet and influencer scene often rewards boldness—whether dramatic gowns, heavy sequins, or strong Indian looks. Giorgia's willingness to go big has thus helped elevate her fashion presence.
- **Cross-style fluency:** Her ability to move between traditional Indian wear and western looks means she is versatile, relevant across occasions, and not limited to a single aesthetic zone.
