

## Madhuri's Maroon Lehenga Moment Steals the Spotlight

Published on 05 Dec 2025 | By IFI Correspondent

Bollywood veteran Madhuri Dixit Nene recently turned heads with a stunning ethnic ensemble — a maroon lehenga set from Shanti Banaras, styled elegantly for a festive look. The outfit, featured by Vogue India, marks another chic moment in the actress's celebrated fashion journey.

### The Look :

Madhuri's lehenga was cut from **silk tissue** — a fabric known for its subtle sheen and graceful drape. The skirt boasted clusters of **gold zari butti work** that shimmered with the light, and along the hemline, larger leaf-shaped zari motifs gave the flare weight and graceful movement.

Instead of a conventional choli, she paired the lehenga with a **matching blazer** that featured a delicate zari grid pattern, layered over a **straight-cut bustier** in the same shade. This modern take ensured that the focus remained on the lehenga's craftsmanship rather than heavy styling.

### Styling : Timeless Meets Contemporary

Her accessories and makeup amplified the regal aura. Madhuri chose **statement jhumkis** embedded with cascading white stones and complemented them with sculptural rings — minimal yet bold, enhancing the outfit's sophistication.

Beauty styling followed a "soft glam" route: glossy plum-pink lips, rosy blush, shimmering eyeshadow, and an elegant updo with delicate face-framing strands — a look that felt both classic and contemporary.

This ensemble joins a long list of elegant and bold outfits from Madhuri Dixit Nene, who has often paired traditional Indian textiles with contemporary styling — reinforcing her status as a style icon who bridges heritage and modern fashion sensibilities.
