

Mayur Bhandari: Driving Industrial Growth Through MV Associates

Published on 09 Dec 2025 | By IFI Correspondent

Mayur Bhandari, partner at **MV Associates**, believes that **Chhatrapati Sambhajinagar** is steadily positioning itself as one of Maharashtra's most promising industrial destinations. With its strategic location, improving infrastructure, and supportive industrial ecosystem, the region offers vast opportunities for new and expanding businesses.

Strategic Location and Strong Infrastructure

According to Bhandari, Sambhajinagar enjoys excellent connectivity to major cities such as **Mumbai, Pune, Hyderabad, Nagpur**, and access to ports through well-developed road and rail networks. The presence of **MIDC industrial zones**, availability of land, water, electricity, and skilled manpower make it an attractive choice for industrial investment.

Mayur Bhandari's vision for **MV Associates** is to create a reliable and transparent industrial consultancy platform that simplifies the journey of entrepreneurship in India. He envisions MV Associates as a **one-stop support system** where aspiring industrialists receive accurate guidance, timely approvals, and sustainable business planning—without confusion or unnecessary delays.

His long-term goal is to contribute to **balanced regional industrial growth**, particularly in emerging industrial belts like Chhatrapati Sambhajinagar, by helping small and medium enterprises establish strong foundations.

Mission: Empowering Entrepreneurs with the Right Guidance

The mission of MV Associates, under Bhandari's leadership, is to **empower first-time entrepreneurs and growing businesses** by providing end-to-end industrial consultancy services. This includes project feasibility, government compliance, statutory approvals, infrastructure planning, and regulatory coordination.

Bhandari strongly believes that many business failures occur not due to lack of ideas, but due to lack of correct guidance at the initial stages. Through MV Associates, he aims to:

- Reduce startup risks for industrial ventures
- Ensure compliance with government regulations
- Save time and financial resources for entrepreneurs
- Promote ethical, sustainable, and compliant industrial development

Commitment to Ethical and Sustainable Growth

At the core of MV Associates' philosophy lies **transparency, professionalism, and long-term sustainability**. Bhandari emphasizes ethical consultancy practices, clear communication, and responsible industrial planning that aligns with environmental norms and government policies.

By bridging the gap between entrepreneurs and regulatory systems, MV Associates continues to play a vital role in nurturing industrial confidence and economic development in Maharashtra.
