

## The Abacus World: Building a Skilled Generation Through Vision and Education

Published on 17 Dec 2025 | By IFI Correspondent

Founded on **17 December 2023**, *The Abacus World* has rapidly grown into a prominent name in skill-based education, redefining how abacus learning reaches students across India. Established under the visionary leadership of **Mr. Ganesh Bankar**, the organisation was created with a clear and inclusive mission—to ensure that no student is deprived of quality abacus education.

### A Vision Aligned With India's Future

As India works towards becoming a developed nation by **2047**, The Abacus World aligns itself with this national vision by focusing on building a **skillful and mentally strong generation**. Recognising that nation-building begins at the student level, the organisation emphasizes early preparation through structured abacus education.

At its centres, The Abacus World has developed a nurturing learning environment that helps unlock students' hidden mental potential. Abilities such as **accuracy, concentration, speed, memory power**, and problem-solving skills are systematically developed. Beyond academics, students also cultivate curiosity, a love for learning, and strong study habits.

### Expanding Access Through a Strong Franchise Model

To make abacus education accessible at the grassroots level, The Abacus World introduced a **franchise-based model**, ensuring trained teachers are available in the same localities where students live. This approach has enabled easy access to quality education while creating meaningful self-employment opportunities.

What began as a modest initiative has, within just two years, expanded to **85 branches** across India. Alongside Maharashtra, The Abacus World has established its presence in **Rajasthan, Madhya Pradesh, and West Bengal**, marking its growing national footprint.

### Supporting Educators, Shaping Futures

The Abacus World provides franchise partners with **complete support**, including training, teaching materials, business guidance, and continuous mentorship. Teachers at the local level play a vital role in shaping students' futures, guiding them not only academically but also towards overall success in life.

To acknowledge this dedication, the organisation regularly honours educators with awards such as **Best Abacus Teacher Award** and **Best Abacus Franchise Award**, reinforcing motivation and excellence within the network.

### Competitions That Build Confidence

A key highlight of The Abacus World's academic ecosystem is its **state-level and national-level abacus competitions**, designed to give students a platform to showcase their mental skills and gain confidence.

On **7 June 2025**, the organisation successfully hosted a **State-Level Abacus Competition** in **Chhatrapati Sambhaji Nagar**, with participation from students across Maharashtra. Winners were felicitated with prizes and certificates. The event was graced by **Mr. Rahul Nalawade (Raiba)**—writer, military researcher, and historian—who also guided students through inspiring insights on *Shivcharitra*.

This was followed by the **National Online Abacus Competition 2025**, conducted entirely online, attracting participation from students across the country. Prize distribution ceremonies were held at individual centres, where students were awarded certificates, medals, and trophies.

### **Empowering Franchise Partners Through Training**

Beyond student-focused initiatives, The Abacus World invests strongly in the growth of its franchise partners. Various professional development programs are organised to help educators upgrade their skills and deliver high-quality education.

One such initiative was a **Business Training Program**, led by **Prof. Sachin Wadekar**, which provided franchise partners with strategic clarity, renewed enthusiasm, and direction for sustainable growth.

### **Creating Opportunities, Especially for Women**

In an era where technology is limiting traditional job opportunities, The Abacus World has emerged as a meaningful platform for educators—especially women. Many highly educated women, restricted by family responsibilities, have found financial independence and social recognition through this model. By balancing household duties and teaching, they contribute both to student development and their family income.

The age-old saying, "*An educated mother leads the household forward*," is being transformed into reality through The Abacus World's franchise ecosystem.

### **A Low-Risk, High-Impact Education Model**

To ensure sustainability, franchise partners are provided with a **well-structured business plan** designed to generate income from the very first month, significantly reducing the risk of failure. Continuous support from the organisation enables teachers to focus on what matters most—educating and mentoring students effectively.

### **Lighting the Lamp of Knowledge**

Under the leadership of **Ganesh Bankar**, The Abacus World continues its journey of spreading knowledge, empowering educators, and shaping confident, skilled students. With its growing reach and strong educational foundation, the organisation stands as a compelling success story in India's evolving education landscape.

### **Selected for Maharashtra's Prestigious Awards**

Recognizing his dedication and achievements, he has been selected for the prestigious "**Maharashtra Business Icon 2025 / Maharashtra Style Icon 2025 / Maharashtra Fashion Icon 2025**" awards.

This honour is being presented by **Reseal.in and India Fashion Icon Magazine**, celebrating Maharashtra's emerging entrepreneurs and artists.
