Published on 17 Dec 2025 | By IFI Correspondent

Bollywood actor **Ahan Shetty** is being celebrated not just for his rising film career but also for his keen fashion sense after he spotlighted the **collarless bandhgala** as a standout trend for men's wedding fashion this season. His recent public appearance in a sleek, collar-free bandhgala—paired with formal styling—has quickly caught the attention of fashion enthusiasts and trend watchers alike.

Known for his role in *Border 2*, Ahan's effortless style has resonated with a new generation of style-conscious men. The collarless bandhgala—an Indian ethnic staple reimagined with a modern silhouette—is now being dubbed *the* look to replicate at wedding ceremonies, receptions and festive celebrations across the country.

Collarless Bandhgala: A Contemporary Twist on Tradition

The bandhgala jacket—traditionally featuring a high, structured collar—gets a contemporary facelift with the **collarless design** that Ahan wore, making it more versatile for younger audiences and modern wardrobes. By keeping the neckline clean and minimal, the outfit bridges classic Indian menswear with contemporary tailoring, giving it broad appeal for everything from daytime wedding functions to evening receptions.

Fashion experts say this trend reflects a broader shift in menswear where **minimalism and comfort meet ceremonial dressing**, allowing men to express personal style *without sacrificing tradition*.
