Tips for Choosing Your Perfect Nude Shade

- **Fair skin:** Opt for peachy or light pink nudes that add warmth without looking washed out.
- **Medium tones:** Rosy-beige or neutral nudes work well to enhance natural lip colour.
- **Deeper tones:** Caramel and cocoa-based nudes can create a rich and balanced look.

Matching undertones — warm, cool, or neutral — with your skin's undertone can help you find a nude shade that looks most natural and flattering.
