## Sharvari's Lavender Knit Skirt Set Is Cozy-Winter-Ready

Published on 20 Dec 2025 | By IFI Correspondent

Bollywood actress **Sharvari Wagh** recently delivered a fashion moment that's quickly being embraced by Gen Z style enthusiasts, stepping out in a **lavender knit skirt set** that blends cosy winter vibes with contemporary flair. The outfit — featuring a ribbed knit skirt paired with a matching sweater — tapped into seasonal comfort while remaining youthful and trend-forward.

The soft **lavender hue**, a pastel favourite across fashion communities, continues to dominate winter wardrobes this season for its gentle yet eye-catching appeal. Lavender tones have been trending particularly among Gen Z shoppers who favour **pastel palettes that look both stylish and relaxed** — striking a balance between comfort and chic.

Sharvari's take on the coordinated knit set was minimal yet elegant. She kept accessories light, letting the textured knitwear and serene colour do the talking — a styling choice that resonated with fans looking for *effortlessly cool winter looks*.

Knit co-ord sets like this are becoming a staple of **winter street style**, offering warmth without sacrificing aesthetic appeal. Our editor suggests pairing similar sets with **chunky boots or sneakers, layered outerwear and simple jewellery** to further elevate the outfit while staying snug in colder weather.
