Published on 12 Jan 2026 | By IFI Correspondent

Some success stories are not born in boardrooms but on the roads, built with hard work, patience, and an unshakable belief in one's dreams. The journey of **Sandeep Jalbaji Patil Lamdade**, founder and owner of **Maa Jijau Transport Services**, is one such inspiring example.

Registered with the Government of Maharashtra, Maa Jijau Transport Services has been providing reliable goods transportation services to reputed industrial clients for the past seven years, steadily carving a respected name in the logistics and transport sector.

Humble Beginnings and Years of Hard Work

Before becoming an entrepreneur, **Sandeep Lamdade** spent nearly 15 years working as a vehicle driver in a reputed company. Determined to improve his family's financial condition, he took up additional work alongside his job. He would bring vegetables from the Nanded vegetable market and sell them door-to-door in residential societies and local areas.

This phase not only strengthened his work ethic but also helped him earn the trust of customers, laying the foundation for his future business journey.

The Leap of Faith into Entrepreneurship

Encouraged by growing customer confidence and sensing future opportunities, Lamdade made the bold decision to leave his stable job and pursue business full-time. His experience in the industrial transport sector helped him build strong connections with business owners across Maharashtra.

A major turning point came in 2019, when he met **Pratap Yelaple**, a well-known pomegranate and grape trader from Sangola. An invitation to Sangola opened new doors, where **Sandeep Lamdade** interacted with traders from Bangladesh, Nepal, and Bhutan. This interaction marked the true beginning of **Maa Jijau Transport Services** as a growing logistics brand.

Expanding Beyond Borders

Today, Maa Jijau Transport Services has successfully expanded its operations across **North-East India** and neighboring countries such as **Bangladesh, Nepal, and Bhutan**. The company currently manages **1,500 to 2,000 vehicle trips annually**, reflecting its operational strength and growing demand.

Recognized as a certified and dependable transport service provider, the company caters to multiple sectors including:

- Chemical factories

- Pharmaceutical industries

Wide Range of Transport Services

The company offers diverse logistics solutions such as commission-based transport work, industrial power and cement loading and delivery, industrial material transportation, street lighting material delivery, and commercial and building material load delivery.

Vision for a Digital Future

Looking ahead, **Sandeep Lamdade** envisions taking his company to the next level through digital transformation. His future goal is to provide customers with an **online platform** where all transport-related services will be available at a single point, making logistics more accessible, transparent, and efficient.
