

## Suyash & Amruta Kulkarni: Driving Innovation in Water Automation with Pristine Automation

Published on 16 Jan 2026 | By IFI Correspondent

In today's world, efficient water management and automation have become essential for sustainable growth. Leading this transformation in India are **Suyash Kulkarni and Amruta Kulkarni**, the dynamic duo behind **Pristine Automation**, a company delivering state-of-the-art automation solutions for over a decade.

### Over a Decade of Expertise

With **12 years of experience** in the automation field, Suyash and Amruta Kulkarni have built a strong team of qualified engineers capable of executing complex projects. Their commitment to precision and innovation has made Pristine Automation a trusted name in the sector.

### Comprehensive Automation Solutions

Pristine Automation specializes in **total automation of water treatment plants**, including the following services:

- **Head Works Automation:** Remote operation of raw water pumps via GSM/GPRS, flow monitoring, and energy tracking systems.
- **Water Treatment Plant (WTP) Automation:** Complete sensor and instrumentation setup (pH, turbidity, residual chlorine, ultrasonic level sensors, pressure transmitters), filter bed automation using electrical actuators, and full **PLC SCADA-based control systems**.
- **Distribution Automation:** Automatic ESR filling systems, remote operation of pure water pumps based on tank levels, and wireless GSM/GPRS control.

Beyond this, they also offer **custom automation solutions**, including installation of flow meters, water and energy monitoring via web platforms, and tailored automation projects to meet client-specific requirements.

### Driving Innovation in Water Management

Pristine Automation is not just about technology—it's about **improving efficiency, reliability, and sustainability** in water systems. By integrating advanced automation solutions, the company helps municipalities, industries, and organizations optimize operations, reduce energy consumption, and ensure uninterrupted water supply.

### A Vision for the Future

Suyash and Amruta Kulkarni's journey demonstrates that technical expertise combined with visionary leadership can transform industries. Their goal is clear: to make **automation accessible, efficient, and reliable**, creating a lasting

impact on water management across India.

Pristine Automation stands today as a **symbol of innovation, precision, and commitment**, inspiring the next generation of engineers and entrepreneurs in the field of industrial automation.
