

Gaurav Shewale Leads Mechfab Engineering to ₹1 Crore Milestone

Published on 23 Jan 2026 | By IFI Correspondent

Mechfab Engineering's journey began in 2019 with a small yet focused idea—providing reliable industrial services. Like many young enterprises, the company faced multiple challenges in its early years, including market fluctuations and operational hurdles. However, by treating every obstacle as an opportunity to learn and improve, the company steadily strengthened its foundation.

A Bold Shift Towards Manufacturing

Rather than limiting itself to repair and service work, Mechfab Engineering took a decisive and courageous step by entering the manufacturing sector. This transition marked a turning point in the company's growth story. By developing its own products and expanding technical capabilities, the firm significantly widened its scope of operations and market presence.

Leadership That Drove Growth

Under the leadership of Directors **Mr. Gaurav Shewale** and **Mr. Kamlesh Sonawane**, Mechfab Engineering has demonstrated how vision combined with execution can drive sustainable business growth. Their hands-on approach, focus on quality, and long-term outlook have played a crucial role in building trust among clients and partners.

Crossing the ₹1 Crore Milestone

Today, Mechfab Engineering has achieved a significant milestone by crossing a turnover of **₹1 crore in the manufacturing sector**. This achievement stands as a testament to the dedication of the entire team and the unwavering confidence shown by customers over the years.

With a strong manufacturing base, growing expertise, and a customer-centric mindset, Mechfab Engineering is now poised for its next phase of expansion. The company's journey reflects how a small service-driven idea, when backed by determination and strategic growth, can evolve into a successful manufacturing enterprise.

Selected for Maharashtra's Prestigious Awards
