

## Rap Star Badshah Flexes Luxury Arabic-Numeral Timepiece

Published on 29 Jan 2026 | By IFI Correspondent

Popular Bollywood rapper and style icon **Badshah** has once again turned heads with a bold display of luxury fashion in a recent social media post. The artist, known as much for his flamboyant persona as his chart-topping hits, showcased an exquisite **Patek Philippe Aquanaut timepiece** worth approximately **₹82 lakh**, blending high fashion with street-smart style.

### A Luxury Statement on the Wrist

In the post, Badshah is seen leaning casually on a car, combining urban streetwear with an unmistakable luxury accessory — his Patek Philippe Aquanaut watch. Valued at roughly **₹82 lakh (\$90,000 in current market valuation)**, the watch features **Arabic numerals**, a textured dial and refined design cues that elevate the rapper's entire look.

### Understated Elegance Meets Urban Style

The Aquanaut's design — sporty yet elegant — complements Badshah's outfit, which included a varsity jacket, camouflage cargo pants, and contemporary sneakers. This juxtaposition of high-end Swiss horology with casual fashion underscores Badshah's ability to merge diverse style elements effortlessly, reinforcing his reputation as a trendsetter in the lifestyle and fashion space.

### What Makes the Aquanaut Special

Patek Philippe's Aquanaut series is renowned in the luxury watch market for its blend of sportiness and sophistication. With distinctive **Arabic numerals**, a textured dial, a self-winding movement, and robust craftsmanship, the Aquanaut appeals to collectors and style enthusiasts alike. Such timepieces are often seen as both fashion statements and long-term investments.

### A Lifestyle Beyond Music

Badshah continues to build his image not just as a musician but as a lifestyle icon whose choices in fashion and accessories resonate with fans and fashion aficionados alike. His luxury watch flex follows other high-profile moments and reinforces the ongoing trend among celebrities to showcase rare and valuable timepieces on global platforms.
